

## Programs/Contracts

- USAF/ANG--ROVATTS™- MQ-1 / MQ-9 Simulators
- USAF--Munitions Storage Virtual Trainer (MSVT)
- USAF--Distributed Planning/AAR Tool
- USAF--Distributed Mission Operations
- USAF--Airborne Tactical Laser Simulation
- USAF--High-Powered-Microwave Simulation
- USA--Anytime, Anywhere Terrain Visualization Tool
- Joint Forward Air Controller Simulation
- SOCOM/USAF UAV R&D/Visualization
- US Army/USMC Stinger Missile Simulator
- USAF--Space/Satellite Operations Simulator
- SOCOM SOF (STELIR)
- SOCOM SOF Air/Ground Interface Simulator
- USAF Experimental Deployable Tactical Trainer
- USAF Advanced Instrument School Flight Simulator
- USAF RavenView™ Tactical Training Tool

## Partners/Customers

- US Special Operations Command
- US Army PEO-STRI
- US Army Research Institute
- Naval Aerospace Medical Research Laboratory
- NAWC Manned Flight Simulation Division
- USMC Training and Education Command
- USAF Dtributed Mission Operations Center (DMOC)
- USAF Central Command (AFCENT)
- USAF AETC, Sheppard AFB TX.
- USAF Air Ground Operations School
- Air National Guard (ANG)
- Air Force Research Laboratory (AFRL)
- Air Combat Command (ACC)
- Clemson, Tuskegee, Wright State Universities
- Meggitt Training Systems
- L3 Communications, Link Simulation and Training
- University of North Dakota
- Embry-Riddle Aeronautical University
- Schafer Corporation
- Nova Technologies

SDS International's Advanced Technologies Division (ATD) provides innovative simulation, training and mission rehearsal technologies to military and commercial customers worldwide.

The division, which offers a full range of products and technical / support services to produce integrated solutions, augments SDS International's historic strengths as a full-service, operations oriented company.

Technologies developed within the division provide full synergy between Simulation, Training, Mission Rehearsal and Employment Systems to meet any and all customer requirements. Our approach is to leverage technology to deliver cost-effective products and services to our customers -- anytime, anywhere!
